The Public Affairs Office of the U.S. Embassy Riyadh or U.S. Consulates Jeddah and Dhahran can help you search for the most appropriate candidates already on the roster. Scholars have a doctorate or equivalent terminal degree in their fields, and professionals have recognized professional standing and accomplishments. Both academics and professionals must work in one of the eligible academic disciplines listed below and have a minimum of five years of either post-doctoral teaching experience or appropriate professional experience.

The Project Proposal Review Process

- If approved, the project will be forwarded to ECA for final approval;
- ECA reviews the project, and if approved, it is sent to the Council for International Exchange of Scholars (CIES) for processing;
- CIES matches projects with qualified candidates from the Fulbright Specialist Roster; and
- After a grantee is selected for a project, CIES administers the grant on behalf of ECA.

Timing

Once a project has been submitted to ECA, a minimum of two months is needed to process a request for a scholar or professional already on the roster. A minimum of three months is needed for a scholar or professional not on the roster at the time of the request.
